Tulsi Angan, Badlapur, Thane 421503, Maharashtra, India |+91 9623357360 | parasshah828@gmail.com
https://www.linkedin.com/in/paras-shaha/

Enthusiastic and dedicated Software Engineer with a solid foundation in software development and computer science. Strong problem-solving skills and the ability to quickly learn and adapt to new technologies. Experienced in collaborating with teams to deliver efficient and innovative solutions. Eager to contribute to exciting projects and grow within a dynamic and supportive engineering team.

SKILLS

- **Languages**: Java, HTML5, CSS3 , Basics of Python, Basic Linux, Android Application Development.
- **Development/Databases:** MySQL, Oracle.

PROJECTS AND CONTRIBUTIONS

ATM Simulator (ATM SIMULATION)
Developed an ATM simulator using Java to accurately replicate banking transactions and user interactions for comprehensive functional and usability analysis.

- Implemented core banking functions like balance inquiry, withdrawal, and deposit.
- Created a user-friendly interface to mimic real-world ATM interactions.

BloodBond (Android Application)
Developed BloodBond, a blood bank management system, to streamline and enhance the management of blood donations, inventory, and distribution.

- Implemented donor registration with scheduling for blood donations.
- Developed an admin panel to approve donations and update donor history.
- Added emergency service locations and blood request functionality for donors.

ResumeBuilder(Web Application)
Developed ResumeBuilder, a web application for creating professional resumes without the need for login or signup.

- Provided a variety of templates for users to choose from.
- Enabled users to generate, print, and download their resumes seamlessly.
- Focused on user-friendly design for quick and efficient resume creation.

Protfolio
Created a personal portfolio website using HTML, CSS, and Bootstrap, featuring dynamic animations for enhanced user engagement.

- Designed and developed a sleek and modern layout using HTML and CSS.
- Incorporated Bootstrap for responsive design and layout components.
- Integrated CSS animations to add interactivity and visual appeal.
- Showcased personal projects, skills, and achievements effectively.
